

Looped Hobble Set

Shank's® Looped Hobble Set is a two-piece webbing strap set designed to attach to an overhead hoist or lift, to allow for overhead lifting of a sedated animal. These hobbles can also be used during large animal rescue. The Looped Hobble Set is available in four sizes – **Foal, Regular and XL and XXL.**

Regular, XL and XXL

- Comprised of 2" (5cm) wide nylon webbing
- Equipped with 5/8" (1.6cm) diameter lifting ring
- Regular size provides a maximum open loop diameter of both loops at the same time of approximately 5-1/2" (14cm)
- XL size provides a maximum open loop diameter of both loops at the same time of approximately 7" (18cm)
- XXL size provides a maximum open loop diameter of both loops at the same time of approximately 8-1/2" (22cm)
- Each set is rated for 2,500 lbs. (1,134KG)

Foal

- Comprised of 1-1/2" (3.8cm) wide nylon webbing
- Equipped with 1/2" (1.3cm) diameter lifting ring
- Foal size provides a maximum open loop diameter of approximately 5" (13cm)
- Set is rated for 500 lbs. (227KG)
