

B.P. 360 Rotary Chute Pad – Light Duty or Heavy Duty

The Shank's® B.P. 360 Rotary Chute Pad is a removable pad designed for installation inside the Chute alley, to provide lateral cushioning during animal examination and procedures. The Chute Pad is available in two models – Light Duty and Heavy Duty.

Heavy Duty Pad

- 3/16" PVC material for outside cover
- 1-1/2" Ensolite® Foam for inside cushioning
- Overall height 46"
- Overall length 80"
- Grommet hanging flap along top edge

Heavy Duty Pad

Light Duty Pad

- 22 oz. vinyl coated polyester for outside cover
- 3" polyurethane foam for inside cushioning
- Overall height 46"
- Overall length 80"
- Grommet hanging flap along top edge

Light Duty Pad
